Reports that it is rather difficult to estimate the amount that has to be saved every year for purposes of repairs, that the average expenditure incurred for the repairs during the past 6 years is about Rs 1137 per annum and that it may fairly be said that Rs 1000 may be sufficient for this purpose. As regards investing the surplus funds of the matt, states that this matter having been discussed in the Representative Assembly of 1904, instructions were issued to the Comptroller in Govt Pro. No. 2284-5 dated 14th Nov. 1905 to invest Rs 10000 from the matt funds in the Govt of India Pro: notes, but that it is not known what action has been taken in the matter, and recommends that that sum out of the matt savings of Rs 16,64-8-6 on the 1st Oct 1909 may be so invested, so that it may fetch an additional income of about Rs 300 by way of interest.

Sir,

I have to correspondence ending with your letter No. 1933/77-07 dated 3rd November 1917), calling for proposals re- [illegible] promotion to the servants of the Jain Basthies [illegible], of the Channarayapatna Taluk, I have honour to state that the Swamigalu of the Matt who was consulted in the matter is of opinion that the increase of [illegible] necessary and recommends the grant of the same to the hereditary trustees of both the temple and the Matt and to a peon of the latter provided the extra cost does not cause the annual [illegible] of the Matt to fall short of Rs 1000/- for repairs etc. 2. From the accounts of the Matt for the past 5 years furnished by the Amildar of the Channarayapatna Taluk it is seen that the income from the lands etc., other than the interest on Government of India Papers have been on an average Rs 3237/- per annum. The realisations from the Government of India securities amount to Rs 905/-. Thus, the total annual income of the Institution may be estimated at Rs 4142/-, while the expenditure is Rs 2636/- leaving a balance of Rs 1506/- per annum. The existing scale of establishment sanctioned being Rs 629/- the proposed excess expenditure will be Rs 111/- per annum, and after reserving a sum of Rs 1000/- for repairs to buildings as indicated in your letter No. 2253/77-07 dated 10th June 1909, there will be still left an amount of Rs 395/- as savings to the Institution.

It is further ascertained that there are 3 officials designated

designated as Parpathegar of (1) Sarvamanya villages (2) Matt and (3) Temples. As reported in my Letter No. 3325/Mis. dated 27th December 1917 the parpathegar of the sarvamanya villages is looking after the administration of the sarvamanya villages attached to the Matt, while the parpathegar of the Matt is looking after the affairs of the Matt and the other attending to the supervision of the temples; their present emoluments being oly R$ 4-2-8 in cash plus 15 seers of rice and R$ 0-9-4 per mensem respectively.

4. As the existing scale of expenditure was sanctioned a long time back and the cost of necessaries of life has risen, I am of opinion that some increase of pay to the poor officials is necessary, and therefore request that the Govern-ment may be pleased to accord their sanction to the revision of pay of the Establishment of the Matt at a total increase cost of P 111 - as detailed in the margin.

Name of designation.	Present pay per mensem.	Propsed pay per mensem.	Increase.
1. Parpathegar of the Matt.	P 4-2-8 & 15 seers of rice.	P. 6-0-0 with 15 seers of rice as here-to-fore.	P. 1-13-4

Adverting to your letter No. 918/M. T. 77-07 Dt 25-9-1909 calling for further particulars in the matter of the increase of pay to the Parpathegar of the Jain Basti at Sravanbelgola in the Channarayapatna Taluk, I have the honor to state that it is rather difficult to estimate the amount that has to be saved every year for purposes of repairs; but from a perusal of the statement (Vide Tarist No. 22) it is observed that during six years from 1903-04 to 1908-09 a sum of Rs 6826 was

for repairs etc which is about Rs 1137 per annum on the average, and that during normal years a little more than that sum could be saved annually after defraying all ordinary expenditure though receipts from Dabbigaige are necessirily very uncertain and fluctuating items. A sum of about Rs 1000 per annum may therefore be said to be sufficient for meeting the charges of repairs to the several jain Bastis etc.

2. The question of investing the surplus funds of the Matt having been discussed in Dasara Representative Assembly Subject No 507 of 1904, Government in their order No 2284-5 dy 14-11-1905 instructed the Comptroller to deposit a sum of Rs 10,000 in government of India pro-notes. No references are forthcoming

forthcoming in this office
concerning the further action taken in the
matter. On 1st October 1909 the surplus funds
of the institution amounted to Rs 16,661-8-6
of which Rs 10,000 may be invested
in Pro-notes reserving the remainder
for emergent purposes as a sufficiently
large amount has to be retained at the
credit of the institution. The institution
will thereby get an additional annual
income of about Rs 300 by way of interest.

Commissioner's yadi No 828 of 15th instant
are herewith submitted for reference &

Sir,

increase of pay to the Parpathegar and
other servants of the Sravanbelgola Matt

the honor to state that from the report
of the Amildar of the Channarayapatna

on the enclosed file (Vide Serial No 22) it is observed that the annual savings to the institution hardly comes up to Rs 1,000 which is the minimum amount required, in the letter under reply, to be saved annually for repairs and such other purposes. It does not appear, therefore, possible to recommend increase of pay to all the low paid servants of the math.

In forwarding herewith vernacular papers on diary with the General Assistant Commissioner's Jade No 1743 dated 27th May 1908, I have the honor to state that Adichandraiya Parpattegar of the Jain Basties at Sravanbelagola in the Bhannarayapatna Taluk, petitioned to this office praying for his pay being increased. The Swamee of the Matt who was consulted in the matter wrote to the Amildar stating that he had recommended an increment in 1896 along with his reference concerning the increase of pay to Kavalgars (watchers) and that the latter having been decided in Government order No 875-6/17-95 dated 30th January 1897 the question of increment of pay to Parpattegar was deferred (vide pherist No 6)

2 The Assistant Commissioner (Mr

(Mrs. B. Rama Swamaiya) on personal conversation with the Swami of the matt reported that the latter was of opinion that the pay of parpattegar (viz. Rs as p 0-9-4 a month) was very small and that the same may be increased to Rs 2 a month, in which opinion the Assistant Commissioner also concurred.

3 The Amildar having been directed to report from what items the excess amount may be met reports that it may be defrayed out of Dabbigadige (B 29/2 & B 30/2 Receipts as suggested by the Swamy. The receipts from Dabbigadige from the year 1902-03 to 06-07 are noted in the margin for reference.

4. As the amount is to be met out of B 29/2 & B 30/2 receipts no alterations are necessary in the Scale of establishment of the matt. The increment of pay proposed may be sanctioned.
